Gemino GX System

Taking each project from the initial concept through to manufacture, installation and ongoing maintenance, our partnership with Gemino System provides a fully comprehensive service that enables us to fulfil and go beyond our client's expectations.

The Gemino GX System benefits from effortless customisation and a permanently portable workspace solution. Gemino System profiles change in accordance with the client's needs, always looking at simplifying the installation experience.

A made in Italy product, Gemino GX System was conceived to simplify the design and assembly processes and to streamline interaction with only one supplier.

Gemino Systems have also launched the Gem Cube. Offering different sizes of cubes, the Gem Cube has the unique ability to combine cubes as your company evolves. Gem Cubes are fully sound proofed ensuring privacy, flexibility and impeccable design. The Gem Cube features all the high-end components of the GX System. Scroll down to see more on the Gem Cube.

Ocula System

Developed by partition experts, the established Tenon range and System 8000 are the foundations on which Ocula™ Systems are built. The innovative solutions can turn any vision of space into reality.

As a Ocula partner, we combine design aesthetics and flexibility with outstanding performance. Always starting with our customers, we put you at the very centre of everything we do, continually developing and refining our offering and product range to find you your perfect partition solution.

Ocula specialists have kept four key performance indicators in mind when designing the range, which include:

- Acoustic
- Structural
- Barrier
- Fire
